Summary of week: IS558 setup continues; IS601 finish on Tuesday morning (if all ok with GPS setup). Target change on HRS, Friday, if ready.

(GPS): # 608 Ta GdB6. Online this week. Yield checks on Monday afternoon. Setup continues until ~ Wednesday night/Thursday. Thereafter beam to Miniball. 140Sm @ 4.65MeV/u
Setup @ 30.2kV.
Responsible for target: Sebastian

(HRS): Target #596 CaO for Ar beams to VITO. Setup at 50kV. Responsible for target: Joao Pedro (please contact him for any advice on appropriate temperatures etc).
IS601 take beam on Monday night if no issues with GPS/yields etc

Protons: NORMHRS: Monday AM/Monday night; Rest of time NORMGPS

Responsible: Erwin (164585) until Tuesday (08/08) AM. Lefteris (166707) till Tuesday 15/08 (AM).
